From Senior Surgeon
No g.c 392-5 d 8.5.43
Suggests the means for appointing a committee explaining that Medical officers of institutions may be omitted as the C.M.O. will represent their interests and suggesting that a Medical officer of a Mission hospital may also be appointed on the Committee and states that Dr. Noronha of St Matthias Hospital may be selected.

30) Subd with refers.

a statement is put up showing the names suggested by the S.S. the C.M.O and Dr. Theobald to facilitate orders on the personnel of the committee. Refee is invited to paras 22 and 23 supra. for orders.

31) The proposal in the linked file re appointment of two night superintendents for the Victoria Hospital Bône has been referred to the committee as ordered.

yes.

32) In connection Refee is invited to paras 18 to 21 The terms of reference and the points on which the committee should make its recommendations have not been defined. Before the committee meets it is necessary perhaps to have definite terms framed for their consideration. The C.M.O. suggested that a Board be formed to frame recommendations in the first instance but S.S. has in his letter d 23.3.43 explained that most of the points of complaints had no ground alone or were based on incorrect information. Another alternative is perhaps to leave the question of determining the points for consideration to the committee itself

Terms are suggested by him in para 21 supra

Points for orders:

for consideration by the proposed Committee,
41 The Senior Surgeon has proposed the following
terms of reference for consideration by the
Committee:-

1. Uniformity of standards of training of Nurses
(2. Question of employment of married nurses)
3. Revision of the scale of pay of nurses
4. Whether the relatives of nurses may be allowed to live with them in the Officials quarters
5. Provision of certain amenities to the Nursing staff such as recreation, etc
6. Grant of maternity leave to nurses

Subd with a draft Dy for consideration
Ref. paras 35-40 supra.

42) No 2 may be omitted.

28/7 The SS has discussed the terms of
CS reference for the Committee in connection
with the C.M.O. The SS says that
some of the terms of reference proposed by the
C.M.O include some questions which are
purely administrative and need not be
referred to the Committee as they

are capable of being dealt with by the Department. This may be accepted,

43) The terms of reference proposed by S.S. may be supplied, except No 2 which is dealt with separately in connection with the proceedings of the Standing Committee of L.S.G. & P.H. – viz employment of married nurses.

44) In place of this question, that relating to "appointment of Night Superintendents to the Victoria Hospitals will also be included, as ordered by the L.S.G. Minister, in the linked file

Draft is also put up for consideration by Law Dept.) 29.7

The Minister,
Rural Local Self Government & Public Health.,
Bangalore.

GEN. & REV. BRANCH 4 NOV 1943

Dear Sir,

In connection with the Committee appointed to go into the question of Nurses employed in Government service, I wish to bring to you kind notice that the Chairman of the Committee feels that the Committee cannot go beyond the terms of reference contained in the Government Order appointing the Committee. As such, he wishes to confine the subjects to be enquired into, within the four walls of the terms of reference.

In moving the Resolution in the L.C. for the appointing of a Committee to go into the question of Nurses, the whole field covering the Nursing service and the various difficulties, anomalies, irregularities etc was pointed out. But the terms of reference does not cover the whole question.

If the Chairman is right in his interpretation, the purpose for which the Committee was appointed would be of no value or serve any useful purpose whatever.

I do believe the Government in noting the terms of reference meant that the Committee pay special attention to those terms; but had no intention of confining the work of the Committee within the four walls of the terms of reference and not allowing it wider field of enquiry; and thus hamper and restrict its usefulness in solving the questions involved.

If I am right in presuming this, I request you to kindly issue necessary instructions permitting the Committee full scope ~~of~~ investigating and enquiring into all aspects of the Nursing Service; and the Committee afforded all facilities and opportunities to summon witnesses and if necessary to coopt additional members.

Since the next Meeting is fixed for Friday the 5th. instant (it has met only once before) and as the Agenda indicates that it is to be the final Meeting of the Committee, I request you to kindly treat this representation as very urgent and pass immediate orders.

Unless orders are issued in time and the Committee given full scope of enquiry and investigation, so that a comprehensive recommendation can be made, I regret to say Memebrs of the Committee will have to register their protest.

Thanking you and soliciting your earnest & sympathetic considera tion.

2500/ 2589

Yours sincerely.

C.1119-28/1 dtd 1.11.44

Returned with compliments.

(a) A Committee was appointed by Government to consider the question of the nursing services of the State.

The nurses had no representation on this Committee, nor was any of the nurses interviewed by the Committee during its meetings. At his request Mr. Theobald was given permission to interview a few nurses privately. What his findings were I am not aware of, as I was not present at the last meeting.

Of the 2 women appointed to this Committee I was the only one who attended the meetings. I was also, the only one to represent the Women's Hospitals in the State. The General Hospitals were represented by 3 members, and the two unofficial members had knowledge only of General Hospitals. Only 3 meetings were held.

(b) The calling of a 4th meeting, or the circulating of my views, after the 3rd meeting at which I was absent, would not have delayed the report to Government, as the 1st meeting was held on 31st August 1943; the second on 5th November 1943; and the third on 15th May 1944, making an interval of 2 months between the 1st and 2nd, and over six months between the 2nd and 3rd meetings, and a still further delay of 2 months more before the report was submitted to Government. There was, therefore, no great urgency for the Senior Surgeon to have held the 3rd meeting when he was aware that I was out of the station, on only a fortnight's holiday.

(c) The Senior Surgeon had no authority for stating and insisting, that there were only two teaching institutions for nurses in the State. The Government Order No.M.7197-9/Med.93-42-7 dated 10th February 1944, makes it quite clear, that nurses must undergo a year's training in Obstetrics and Gynaecology, and this training is given to them only in the Vani Vilas Hospital and Cheluvamba Hospital.

The Senior Surgeon in his covering letter, although admitting that the nurses are sent to these hospitals for training in Obstetrics, makes the absurd statement that these two hospitals are not teaching institutions, thereby not only ignoring the Government Order, but misleading the Committee. The Senior Surgeon is also aware that the Government of Madras recognises the Vani Vilas and Cheluvamba Hospitals as training centres for nurses in Obstetrics and Gynaecology.

(d) An important subject as the recommendation of appointing nursing and sister tutors was discussed at the 3rd meeting at which I was absent. It was, therefore, only reasonable that I would wish to have my views on this important subject discussed by the Committee. I know positively that the Committee would unanimously have agreed to my proposals if this was done.

Had I sent a separate note to the Government as desired by the Senior Surgeon, the Government would not be aware that the members of the Committee would have supported my proposals.

(e) Apart from the question of Tutor Sisters, the appointment of supervising sisters to Maternity Hospitals is of the greatest importance. The lives of mothers and infants are in the hands of the nurses conducting deliveries. It has been emphasised before now, having regard to the fact that maternal and infant mortality is higher in India than in any other counrty in the World, of which statistics are available, that the need for supervision of the work of the nurses is of prime importance. This was a matter that could not be left to the deliberations of 6 men who are not dealing with the subject. This view is fully justified by the fact that the Senior Surgeon and Committee have not recommended Supervising Sisters to the Vani Vilas Hospital, the largest Maternity Hospital in India. Such appointments exist in all important Maternity Hospitals in British India.

(f) The Senior Surgeon's statement that I wanted a new opinion circulated to the members is not true. A new subject was discussed at the 3rd meeting in my absence. No previous notice was given that this subject would be discussed at the meeting, and the fact that recommendations did not include the Women's Hospitals shows, that the Senior Surgeon took advantage of my absence to discuss this subject, when I was not present to represent the needs of the Women's Hospitals.

In conclusion, I wish to emphasise that if the need for Nursing and Sister Tutors to the Victoria Hospital and Krishnarajendra Hospital is deemed great, then the need to make the same appointments to the Vani Vilas and Cheluvamba Hospitals is even greater. I would, therefore, request Government to appoint Night Sisters, Nursing and Tutor Sisters to the Vani Vilas Hospital and Cheluvamba Hospital.

The Senior Surgeon as Chairman of this Committee, has acted throughout in a high handed way, and has throughout the conduct of this enquiry, shown a bias against the Women's Section. The request was after all very small, i.e., asking for the same concession for the two Women's Hospitals, as was recommended for the Men's.

I would also draw attention to the fact that the report itself is not signed by any of the members.

Secretary

CHIEF MEDICAL OFFICER,
WOMEN'S HOSPITALS IN MYSORE, BANGALORE.

16) Subd for orders. Refer Minister's memo [redacted] para. 8 of Supra. (vide paras 77 & 83 supra)

Edu. Secy) 2/11/44.

Mr Louis received thanks for [illegible] 3 days

3/11

98) The Controversy betn. SS — Comm is about the statement made in the report to the effect that only the K R Hospital & the V. V Hospital are teaching institutions for nurses.

99) Only in these two hospitals the nurses are trained & for a period of one year (perhaps the 4th year Course) They are sent to Women's hospitals (of the two cities for training in Midwifery, where classes for Midwives are conducted) & Mentane & Care & the Saidapet [illegible] that the S.S. has made "an absurd statement" since the V. V. Hospital & Chelmsamba Hospitals are not teaching institutions. What the S.S. perhaps meant was that the K R hospital & Victoria Hospitals are teaching institutions, for nurses.

* The other two Women Hospitals are having only hospitals for training of midwives.

100) The next point of Controversy is about the appointment of night sisters & nursing & tutor Sisters to the Vani Vilas & Chelumamba Hospitals.—

101) With Considering the subject appointment of night Supervisendents to the Victoria hospital Bangalore, the Committee have stated as follows:- "With the Committee is strongly in

favour of these Appointments in the Victoria hospital - which may be adopted in case of similar proposals for the Queen Mary's Medical hostels in the Vani Vilas & Chelvamba hospitals may also be favourably Considered."

102) It will be seen from the above that they recognised the need for regular Superintendents in the two Womens hospitals as well.

103) But as regards. two nursing Sisters & one Sister tutor at Rs 125-5-15 in the two teaching hospitals - (Vis V.R. & Victoria), it may perhaps be presumed that these Appointments are required in connection with the holding of classes for nurses in these two hospitals, & the Committee perhaps did not feel the need for these Sisters tutors in the two Womens hospitals as they were primarily intended for the training of mid wives & not nurses.

104) Even if such Appointments are required the case is at liberty to submit proposals independently & obtain sanction of Govt.

105) As regards

Submitted to His Highness

I submit herewith a Final Note by the Minister for Local Self-Government and Public Health on the action proposed to be taken on the Report of the Committee constituted to examine the conditions of the Nursing Services in the State Hospitals, for the gracious sanction of His Highness.

M. Visvesvaraya

Bangalore,
12th May 1945.

D E W A N,

Final Note by the Minister for Local Self-Government and Public Health

Subject.— Report of the Committee constituted to examine the conditions of the Nursing Services in the State Hospitals.

In Government Order No.G.1561-8/Med.178-42-9 dated 6th August 1943, a Committee of official and non-official gentlemen, with the Senior Surgeon as Chairman was constituted to examine and report on the following aspects of the Nursing Services in the State Hospitals:-

(1) Uniformity of standards of training of Nurses.

(2) Question of employment of married nurses.

(3) Revision of scales of pay of nurses.

(4) Whether relatives of nurses may be allowed to live with them in official quarters.

(5) Provision of amenities to the nursing staff.

(6) Grant of maternity leave to nurses.

(7) Appointment of night Superintendents to the Victoria Hospital.

The Committee has submitted its recommendations which are generally acceptable to Government. A draft Government Order embodying the recommendations of the Committee is enclosed herewith.

The Dewan and the other Ministers are agreeable to the action to be taken as above and I solicit the gracious sanction of His Highness to the same.

Bangalore,
11th May 1945.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.

R E A D:-

G.O. No.G.1561-8/Med.178-42, dated 6th August 1943 constituting a committee with the marginally noted personnel, to examine the conditions of nursing services in the hospitals and to submit its recommendations.

* 1. The Senior Surgeon in Mysore (CHAIRMAN)
2. " Director of Public Health.
3. " Chief Medical Officer, Women's Hospitals in Mysore.
4. Mr. W.H. Theobald, M.A., M.T., Mysore.
5. Dr. T.C.M. Royan, M.D., Bangalore.
6. The Medical Officer, St. Martha's Hospital, Bangalore.
7. Sri Nagamma Srikantia, M.L.C., Bangalore.
8. The Medical Officer, Victoria Hospital, Bangalore.
9. The Personal Assistant to the Senior Surgeon (Secretary).

2. Letter No.G.C.392-42 dated 2nd August 1944 from the Senior Surgeon and Chairman, Nurses' Committee, submitting the report of the Committee for the consideration of Government.

3. Further correspondence ending with letter No.G.C.392-47 dated 10th February 1945 from the Senior Surgeon in Mysore furnishing his further remarks on the recommendations of the Committee.

ORDER NO. M/1049-51, Dated 1st June 1945.

The Committee discussed the following points referred to them and has submitted its report appended hereto:-

Terms of reference.

I. Uniformity of standards of training for nurses.

II. Question of employment of married nurses.

III. Revision of the scales of pay of nurses.

IV. Whether relatives of nurses may be allowed to live with them in the official quarters.

V. Provision of amenities to the nursing staff.

VI. Grant of maternity leave to nurses.

VII. Appointment of night Superintendents to the Victoria Hospital.

The opinions of the Senior Surgeon and the Chief Medical Officer were also obtained on these recommendations separately.

After a careful consideration of the reports and the remarks of the Senior Surgeon and the Chief Medical Officer, Government are pleased to pass the following orders on each of the suggestions of the Committee:-

Recommendations of the Committee.	Orders of Government.
I. Training of nurses.	
(1) The period of training may be for 4 years - 3 years in sick nursing and one year in midwifery.	The period of training has already been extended to 4 years. Vide G.O. No.M.7197-9/ Med. 93-42-7 dated 10-2-1944.
(2) The minimum qualification for admission to the course be limited to IVth Form standard.	The recommendation is accepted as an experimental measure.
(3) Selected candidates be admitted on three months' trial, on the expiry of which if they fail to pass an entrance examination their training may be terminated.	No examination of the kind suggested is necessary. If any student is found unfit, she may be sent away at any time.
(4) The present practice of binding the State trained nurses to serve the Government for a period of five years is too long and may be reduced to one year.	The period of contract may be reduced to 3 years.
The existing contracts may be suitably modified with retrospective effect.	Existing contracts need not be interfered with.
(5) A uniform stipend of Rs.30 per mensem may be paid to these probationers for a period of 4 years.	Approved. With a view to encourage girls to take to nursing the Senior Surgeon has recommended that the existing practice of levying a fee of Rs.3/- from private candidates may be done away with and that a security deposit of Rs.20/- may be taken from private candidates as a precaution against loss, breakage, etc. The above proposal is accepted for the duration of the war.
(6) The existing pupil nurses scholarships may be abolished so that there may be only one course for Probationary nurses of four years.	The system of recruiting pupil nurses has been ordered to be done away with - vide G.O.M. 7197-9. Med.93-42-7 dated 10th February 1944.
(7) If arrangements could be made for their boarding and lodging in the hospital premises, a sum of Rs.25/- may be deducted out of their stipend for boarding expenses and the balance of Rs.5/- be given to them as pocket money.	Specific proposals may be be submitted separately.

Recommendations of the Committee.	Orders of Government.
I. Training of nurses. (contd.)	
(8) All probationary nurses be exempted from payment of lighting, water and scavenging charges during the course of their training.	Accepted.
(9) Scholarships should be made available for giving post graduate training to qualified nurses to obtain training in special subjects in various schools of nursing in India and abroad.	This recommendation is accepted. The Senior Surgeon and the Chief Medical Officer are requested to submit proposals to implement this recommendation.
II. Employment of married nurses.	
Resolved that widows and married women who have left their husbands may be employed as nurses.	Accepted subject to the condition of terminating their services in case of becoming pregnant as already directed in G.O. dated 19.8.43.
III. Revision of the scales of pay of nurses etc.	
(1) The Committee has recommended the following scales of pay and allowances:-	Government consider that uniformity and improvement in the scales of pay of this class of service is necessary, and that this can be considered only after ascertaining the financial implications. The Senior Surgeon is requested to submit a proposition statement in accordance with the recommendations of the Committee for the orders of Government.
Staff nurses.	
First Grade .. Rs.80-5/2-100 + R.A. of Rs.20/- per mensem + U.A. of Rs.48/- per year.	
Second " .. Rs.55-5/2-75 + -do-	
Third " .. Rs.35-5/2-50 + -do-	
Sisters. Rs.125-5-150 + R.A. of Rs.30/- per mensem + U.A. Rs.60/- per year.	
Matrons Rs.200-10-300 + R.A. of Rs.40/- per mensem + U.A. Rs.75/- per annum.	
(2) All the nurses in the State may be treated as one unit and promotions and transfers effected accordingly by one authority.	Reserved for consideration separately.
Though a hard and fast rule cannot be laid down, eight beds to one nurse would be an ideal to be kept in view and that an eight hours day should be provided as far as possible, with one whole day off on week days and half a day on Sunday.	As stated by the Committee, this is only an ideal to be kept in view. As regards day off for the present only half a day off on Sunday is accepted.
Facilities should be provided as far as possible for the nurses to attend to their religious duties on obligatory days.	May be allowed at the discretion of the head of the hospital.

36

Recommendations of the Committee.	Orders of Government.
IV. Whether the relatives of nurses be allowed to live with them in official quarters. It was resolved that when quarters are provided, the nurses will be allowed to live with their relatives - women only - not exceeding two in number, and that such of the married nurses who desire to live with their husbands may live outside.	The recommendation of the Committee is accepted subject to the condition that married nurses who desire to live outside with their husbands will not be entitled to any house rent allowances.
V. Provision of certain amenities to nurses. Resolved that	
(a) A club may be started in a suitable place for providing the nurses with certain recreations.	(a) Accepted.
(b) Nurses be given free medical treatment.	(b) -do-
& (c) when quarters are not provided for them suitable house rent allowances should invariably be given.	(c) Accepted on principle. But each case will be considered on merits.
VI. Grant of maternity leave to nurses.	This does not arise as ~~stated by the committee in view~~ per reference of Government Order of 19th August 1943.
VII. Appointment of night Superintendents. The Committee resolved that while it is strongly in favour of these appointments, in the Victoria Hospital which may be sanctioned immediately, similar proposals for the other major medical institutions i.e., the Vani Vilas and the Cheluvamba hospitals may also be favourably considered.	Two night Superintendents in the grade Rs.125-5-150 with ration and uniform allowances of Rs.25/- ~~each~~ are sanctioned to ~~the~~ Victoria ~~Hospital, Bangalore~~ and the Vani Vilas ~~Hospital,~~ Bangalore, and one to the Cheluvamba Hospital, Mysore each of the two hospitals The extra average cost on this account comes to Rs.843 3/4 per mensem or Rs.10125/- per year and will be provided in the budget for 1945-46 ~~next year~~.
The Committee further felt that it was absolutely necessary to appoint at least two nursing Sisters and one Sister tutor on Rs.125-5-150 in the two teaching hospitals.	The Senior Surgeon is requested to submit detailed proposals in the matter separately.

Government are pleased to place on record their appreciation of the work done by the committee.

Orders.

No further Action is necessary. 9/3/27

There is such a dearth of nurses that this lower qualification should be accepted. It may be tried as an experiment for some time and if the quality of the material is not found satisfactory the standard may be restored.

It was only in the case of Madras that Govt. in their order of 10th Feb 1926, desired that the minimum qualification for admission to a Composite course should be a Composite course and if the qualifying certificate course are material is not found satisfactory the standard may be restored.

The S.S. & C. Comm. has agreeing with the suggestion of the S.S. This is the general Govt. qualification prescribed for this course in Madras. It is not known why it is now further proposed to be reduced to IV Form Standard. This appears to be very low. If any reduction in the general Govt. qualification is considered nec., at least a certificate of having completed V Form course may be insisted upon.

Orders passed as proposed.

9/3/27

Dr. C. 14.3.27

Information has to be obtained whether this period of probation is in addition to the 4 years' course of training prescribed for nurses, whether examinations & the Candidates have to be paid stipends during this period of training, viz they are not selected finally after an entrance exn at the end of this period and marks. whether the stipends if any granted and are recovered viz to how

In view of the reduced qualification prescribed above the course of training prescribed per nurses, whether examinations are necessary. Can they be held at the beginning of the course period & the candidates selected finally after an entrance exn at the end of this period and marks. whether the stipends if any granted and are recovered viz to how

be bound for 5 years. Of practically all nursing nurses who in before the period a proportionate to the extent of the Scholarship

keeping the Stipend on Local Funds

at Rs 25 p.m.

Prior to Feb 1944. the scale of stipend was Rs 30- per mensem the scale pay of the III Grade Nurse was 25-1-40. Perhaps it was considered that the stipend to be given during the period of training should not be more than the minimum pay to be given after appointment as regular nurse. The minimum pay of the III Grade Nurse is now fixed at Rs 30-1-40.

The Committee has recommended a pay of Rs 30-½-50 to the III Grade Nurses. But the S.S. Major is of opinion that the pay of this class of nurse may remain at Rs 30-1-40 as it is at present.

In view of this it does not seem easy to enhance the stipend of Rs 30/- as it will be desirable & reasonable also to have a margin between stipend & actual pay after

while Rs 25 p.m. may normally it is very necessary to hold out some special advantages to girls to take to nursing under the present abnormal conditions. I would therefore propose Rs 25 p.m. for 2 years while and Rs 28 p.m. after satisfactorily completing of 2 years training. This is very necessary in view of the long course of 4 years and practical and will have an added good effect in stimulating recruitment among the candidates.

The Senior Surgeon in Mysore

Bangalore.

Date 23.3.43.

To

The Secretary to the Government of

His Highness the Maharaja of Mysore,

Law Department, Bangalore.

Sir,

Sub: Appointment of a Committee to enquire into certain anomalies existing at present in respect of the nursing staff of Hospitals.

With reference to your letter No.G.9960-1/Med.178-42-3 dated the 5th February 1943 on the above subject, I have the honour to state that the several points mentioned during the meeting of the Legislative Council on 14th December 1942 are:-

1) that the Senior Surgeon has no power to interfere with the internal administration of four major hospitals, viz., Victoria, Krishnarajendra, Vani Vilas and Cheluvamba Hospitals;

2) that there is no uniformity of standards of training and examinations;

3) that nurses passing out in one institution are confined to tnat institution, and not allowed to serve in sist institutions;

4) that junior nurses in one hospital get higher pay than many senior nurses in other hospitals. Senior Surgeon is not able to interfere in these arrangements;

5) that two sisters were appointed in the Krishnarajendra Hospital, on much higher pay;

6) that the number of nurses in the State Hospitals are far short of requirements;

7) that the average number of working hours are very long in the Krishnarajendra Hospital i.e., one full month's night duty at a stretch;

8) that the residential quarters for nurses are very poor, no recreation, no club and no library;

9) that married nurses are forced to resign in pregnancies;

10) that the pay of nurses is much less than in British India.

During my reply to the discussions, I made it clear that most of the complaints have either no foundation or made on incorrect information. I also mentioned that the questions of providing better training and granting higher pay are under consideration of Government. Inspite of the assurances given by the Minister for Local Self Government and Public Health Departments and by me, the Government were aware of the situation and was adopted the motion was pressed to be pursued

We have been showing great leniency to nurses in several matters amongst which may be mentioned:

1) permitting them to allow their relatives to live with them in rooms which are intended for their own accommodation;

2) employment of married women nurses and the

3) grant of maternity leave which is a serious handicap to the nursing efficiency of hospitals.

I am, therefore, of opinion that these and other allied subjects may be discussed by a Committee. I accordingly recommend the appointment of a Committee consisting of the following:-

NON-OFFICIAL:-

1. Mr.W.H. Theobald, Member, Mysore Legislative Council.
2. A lady Member of the Legislative Council ar Representative Assembly.
3. The Medical Officer, St.Martha's Hospital, Bangalore.

OFFICIAL:-

1. The Director of Public Health.
2. The Chief Medical Officer, Women's Hospitals in Mysore.
3. The Public Service Commissioner.
4. The Senior Surgeon.

I have the honour to be,
Sir,
Your most obedient servant,

Senior Surgeon.

GOVERNMENT OF MYSORE

Telegram / phone

OFFICE OF
The Senior Surgeon in Mysore,
Bangalore.

No. Gc.392-5
Encls.

Date 8th May 1943.

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
Law Department, Bangalore.

Sir,

Sub: Appointment of a Committee to enquire into the anomalies existing in the Nursing Staff of Hospitals.

With reference to your letter No.G.11855/Med.178-42-5 dated the 12th April 1943 on the above subject, I have the honour to invite reference to my letter No. G.C.392-1 dated 22-3-1943 and to state that the proposal contained therein was for the fomation of a "mixed committee". I have, however, since consulted the Chief Medical Officer, Women's Hospitals in Mysore and in submitting herein enclosed a copy of her letter, wish to state that I do not see the need for the Medical Officers of Institutions to be on the Committee when the Chief Medical Officer, Women's Hospitals and the Senior Surgeon, conversant with departmental conditions are there to represent their interests. I also wish to bring it to the notice of the Government that there are quite a number of medical institutions --small and big-- maintained by various Missions in the State. They have been doing very useful work and have been a great support to Government in solving the needs of invalids in various parts of the State. The Chief Medical Officer, Women's Hospitals in Mysore omits their representation in the Committee, but I personally feel that their views will assist the deliberations on the subject that has to be dealt with. I accordingly suggest that at least one Medical Officer of the Mission Hospital may be included in this Committee, and on this occasion my choice falls on Dr.F.Noronha, M.B., B.Ch., D.P.H., and L.M., who is in charge of the St.Martha's Hospital, Bangalore--one of the oldest and largest Mission Hospitals and an institution which is recognised by the Government as a training centre for nurses. Dr. Noronha himself is one of the oldest practitioners in Bangalore, has had considerable experience in various theatres of War in the last War as an Officer in the Indian Medical Service, and has had since administrative experience of St.Martha's Hospital.

Finally, I recommend the appointment of a Committee as mentioned hereunder:-

Non-official:-

(1) Mr.W.H.Theobald, Member, Legislative Council.

(2) One of the Lady Members of the Legislative Council or Representative Assembly.

(3) Medical Officer, St.Martha's Hospital, Bangalore.

P.T.O.

Official:-

(1) The Director of Public Health in Mysore.
(2) The Chief Medical Officer, Women's Hospitals in Mysore.
(3) The Public Service Commissioner for Mysore.
(~~Member, Legislative Council~~).
(4) The Senior Surgeon in Mysore.
(Member, Legislative Council).

I have the honour to be,
Sir,
Your most obedient servant,

Senior Surgeon.

sv.

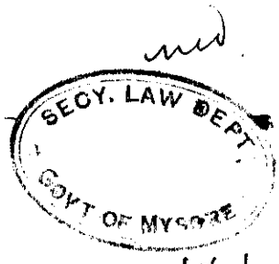
GOVERNMENT OF MYSORE

Tele gram / phone

No. Gc. 392-11
Encls.



OFFICE OF

The Senior Surgeon with the Government of Mysore,
Bangalore.

Date 23-7-43.

Med. 178-42-

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
Law Department, Bangalore.

Sir,

Sub.- Terms of reference for consideration by the proposed Committee to examine the question of nursing service.

- - -

With reference to your letter No.G.14277/Med.178-42-8 dated 8th June 1943 on the above subject, I have the honour to state that - the Chief Medical Officer, Women's Hospitals in Mysore, who was consulted in the matter has proposed ~~that~~ the following terms of reference.

1. To have all nurses in the State in one unit for recruitment, promotion etc.,
2. The question whether nurses be allowed to marry.
3. To regularise hours of work.
4. Allotment of number of patients to each nurse.
5. Abolition of two years' training and to have a uniform training.
6. Revision of the grades of pay.
7. Whether the relatives of nurses be allowed to live with them.

Nurses are now borne on one unit and there is no necessity to refer this point to the Committee. (Item No.1)

I am not in favour of the questions relating to the hours of work and allotment of patients to each nurse being referred to the Committee. These are purely administrative matters which could be dealt with by the Department.

I propose the following terms of reference for consideration by the Committee.-

1. Uniformity of standards of training of Nurses.
2. Question of employment of married nurses.
3. Revision of the scale of pay of nurses.
4. Whether the relatives of nurses may be allowed to live with them in the offical quarters.
5. Provision of certain amenities to the Nursing staff such as recreation, club and library.
6. Grant of maternity leave to nurses.

I have the honour to be,
Sir,
Your most obedient servant,

SENIOR SURGEON.

G. R. S. App. F VI—G 2]

GEN. & REV. SECTT
2 - NOV 1943
GEN. BRANCH.

Dear Mr. Narayanaswamy Naidu,

Adverting to Government Order No. P.1561-8/Med. 281-43-9 dated 6-8-1943 appointing a Committee with the following personel for going into the question of Nursing Services in the hospitals in the State and also proposing certain terms of reference for consideration by the Committee, I write to state that the question relates to women and the women members appointed to serve on the Committee are only two as against 6 men members. I think, at least one more women member should be on the Committee.

Further, the six terms of reference for consideration noted therein do not cover all the points to remove the various anomalies existing at present in the Nursing Staff and the subsidiary questions that may arise should also be considered.

I request you, therefore, kindly to accord sanction of Government to co-opt one more women member - Dr. M.H. Gillespie, Medical Officer, Holdsworth Memorial Hospital, Mysore to serve on the Committee and to allow and discuss any other subsidiary question that may arise out of the terms of reference.

As the next meeting is on the 6th instant, I request the favour of an early reply.

Yours sincerely,

C. Albuquerque

To Narayanswamy Naidu, Esq., B.A., B.L.,

Sir, Med

Sub.- Report - Nurses' Committee.

- - -

Adverting to the Government Order No.G.1561-8/Med.181-42-9 dated 6th August 1943 appointing a Committee to go into the question of Nursing Services in the State Hospitals, I have the honour to submit herewith, the report of the Committee for the consideration of Government.

As Sri. Nagamma Srikantiah did not attend even a single meeting of the Committee, the report was not sent for her signature.

The Chief Medical Officer, Women's Hospitals in Mysore, was not present at the last meeting of the Committee. When the report was sent for her signature on 13-6-1944 it was returned unsigned, with the suggestion that "the number of teaching institutions noted as two in the last para of the report, may be modified to four and the report sent for her signature". This addition was made at the last meeting with the consent of all members present.

She was informed that the only recognised training institutions for nurses are two - the Victoria and Krishnarajendra Hospitals and that the Vani Vilas and Cheluvamba Hospitals are training institutions for midwives, where the nurses are also sent for their training in midwifery, and therefore the question of the inclusion of these institutions as teaching institution does not arise. The last meeting of the Committee was held on 15-5-1944 when this decision was unanimously reached by the members present and the report was held up in circulation for nearly two months, she was requested to sign the report and to embody any suggestions she may have to offer in a separate note to be forwarded to Government. The Chief Medical Officer has again returned the report unsigned suggesting that her views may be got circulated to the members.

I do not consider that the absence of any member from a meeting entitles him or her to express a new opinion for circulation to all the other members. I am therefore forwarding the report with the copies of the correspondence that passed between the Chief Medical Officer, Women's Hospitals in Mysore, Bangalore and the Secretary of the Committee, for the consideration of Government.

I have the honour to be,
Sir,
Your most obedient servant,

Senior Surgeon
& Chairman, Nurses' Committee.

- - -

TVD.

Copy of letter No.C.1119-25 dated 16th June 1944 from the Chief Medical Officer, Women's Hospitals in Mysore, Bangalore to the Secretary, Nurses' Committee, Office of the Senior Surgeon in Mysore, Bangalore.

- - -

With reference to your letter No.G.C.392-32 dated 31-5-1944 enclosing for signature the final report of the Committee appointed to go into the question of Nursing Services in the State as approved at the meeting held on 15-5-1944, I write to observe that in the last para of the report it is stated "the Committee further feels that it is absolutely necessary to appoint at least two Nursing Sisters and one sister tutor on Rs.125-5-150 to the two teaching Hospitals."

This topic was not considered in the two meeting for which I was present and probably the same has been considered in the last meeting at which I was not present. The teaching institutions are four and not two. The Vani Vilas Hospital and Cheluvamba Hospital are also training institutions of both Nurses and Midwives in Midwifery which is a part of Sick-Nursing. As Nursing Sisters and Sister Tutors are absolutely necessary to these teaching institutions also, the number of teaching institutions noted as two may be modified as four and the report sent for my signature.

---:0:---

Copy of letter No.G.C.392-40 dated 15-7-1944 from the Secretary, Nurses' Committee, Bangalore to the Chief Medical Officer, Women's Hospitals in Mysore, Bangalore.

- - -

With reference to your letter No.C.1119-25 dated the 16th June 1944 returning the Nurses' Committee report with certain observations I am directed to state that the only recognised training institutions for nurses in the State are the Krishnarajendra and the Victoria Hospitals. The Vani Vilas and the Cheluvamba Hospitals are training institutions for midwives, and the nurses under training are sent to these institutions for taking their training in midwifery. As such the question of including the other two institutions - mentioned by you - as teaching institutions does not arise.

I am forwarding the final report for your kind signature and early return.

The report may kindly be signed by you, any remarks that you may have to offer, being embodied in a separate note which will be forwarded to Government with the report.

---:0:---

Copy of letter No.C.1119-27 dated 21-7-1944 from the Chief Medical Officer, Women's Hospitals in Mysore, Bangalore to the Secretary, Nurses' Committee, Bangalore.

- - -

With reference to your letter No.G.C.392-40 dated 15-7-1944, forwarding the final report of the Nurses' Committee for my signature I write to state again that the subject of appointing at least two Nursing Sisters and one sister tutor on Rs.125-5-150 to the Victoria and Krishnarajendra Hospitals was not considered in the two meetings for which I was present and has been considered in the last meeting at which I was not present. The Victoria and Krishnarajendra Hospitals are training centres for Sick-Nursing and the Vani Vilas Hospital and the Cheluvamba Hospital are training centres for Midwifery for probationary nurses and pupil midwives. As in the case of Victoria and Krishnarajendra Hospitals recognised as institutions for training nurses, the Vani Vilas and the Cheluvamba Hospitals are institutions recognised for training midwives as well as probationary nurses in midwifery. The latter two institutions also are of the same importance as that of the two former institutions.

It is therefore, necessary to appoint two Nursing Sisters and one Sister Tutor to the Vani Vilas and Cheluvamba Hospitals also. My views on the subject may kindly be arranged to be circulated to the members and the final report sent to me for signature afterwards.

---:0:---

" COPIES "

Senior Surgeon

NURSES' COMMITTEE REPORT.

At a meeting of the Legislative Council held in Bangalore on the 14th December 1942, a resolution was passed regarding the appointment of a Committee to enquire into the question of certain anomolies existing in respect of the Nursing Staff of the Hospitals in the State. After a consideration of this question, Government were pleased to appoint a Committee in their Order No.G.1561-8/Med. 181-42-9 dated the 6th August 1943 (Annexure 1), consisting of the following members to go into this question in detail.

1. The Senior Surgeon in Mysore, Bangalore (Chairman)
2. The Director of Public Health in Mysore
3. The Chief Medical Officer, Women's Hospitals in Mysore, Bangalore
4. Mr.W.H. Theobald, M.A.M.T., A.S.C., Mysore
5. Dr. T.C.M. Royan, M.D., Bangalore
6. The Medical Officer, St. Martha's Hospital, Bangalore
7. Sri Nagamma Srikantiah, Member, Legislative Council, Bangalore
8. The Medical Officer, Victoria Hospital, Bangalore

The Personal Assistant to the Senior Surgeon will be the Secretary.

The following are the terms of reference for consideration by the Committee.-

1. Uniformity of standards of training of Nurses
2. Question of employment of married nurses
3. Revision of the scale of pay of nurses
4. Whether the relatives of nurses may be allowed to live with them in the official quarters.
5. Provision of certain amenetiès to the Nursing staff such as recreation, club and library.
6. Grant of maternity leave to nurses.

The Committee was requested to go into the question of the Nursing Services in the Hospitals as indicated above and investigate them and make suitable recommendations to Government. - Any other subsidiary questions arising out of the terms of references of the Committee were also permitted to be discussed and recommendations made.

Accordingly, the Committee held three meetings. At the first meeting (Annexure 2) items 1, 2, 4 and 6 of the terms of references were fully discussed and conclusions arrived at. As it was felt that information may be obtained from the neighbouring British Indian Provinces and Indian States about the grades of pay obtaining there and the hours of work of nurses, item No.3 was postponed for discussion to a second meeting. The Secretary was authorised to obtain and formulate the information for the second meeting, which was held on the 15th November 1943. At this meeting (Annexure 3), the information obtained on item No.3 was discussed at length, and certain decisions were arrived at. A third meeting was called for on 15th May 1944 to discuss any other subjects which the members wanted to bring up for discussion, and to formulate the final report for submission to Government.

During the meetings there was a free and frank discussions on all subjects, and all the decisions arrived at were unanimous. The lady non-official member of the Committee was absent at all the meetings, though the Committee felt that her views on the subjects would have been very welcome.

P.T.O.

The Committee submits herewith their unanimous report for the consideration of Government.

CHAIRMAN. 27.6.44

MEMBERS.- 1.

2.

3.

4.

5. 24/6/44

6. 4/7/44

7. 25.6.44

SECRETARY.

REPORT OF THE COMMITTEE.

(1) Uniformity of Standard of training of Nurses.-

At present there are two standards of training of nurses, in the Victoria and Krishnarajendra Hospitals.-

1. The Probationary Nurses who are trained in sick-nursing for a period of 3 years and in midwifery for 6 months. These get a stipend of Rs.30/- per mensem and

2. The Pupil Nurses who are trained for a period of only 2 years - one year in sick-nursing and one year in midwifery and who are given a stipend of Rs.15/- per mensem.

It was also explained that as the nurses who received training for a period of less than 3½ years were not recognised by other Governments and were also not registrable in any recognised Nursing Association in India, the following revised conditions of training had been recommended to Government for sanction.

a. Only Probationary Nurses will be recruited for training in future and the practice of selecting candidates as "pupil nurses" will be discontinued.

b. The course of training in the case of probationary nurses will be extended from 3½ to 4 years, of which three years shall be devoted for training in general sick-nursing and one year in midwifery (Gynaecology and Obstetrics).

c. The recruitment of male probationary nurses will be discontinued for the next two years.

d. The scale of stipend to probationary nurses will be Rs.25/- per mensem.

e. Married women will not be admitted for the training but widows may be admitted, preference being given to those without children.

f. As regards the minimum educational qualification for probationary nurses a completed secondary school leaving certificate course will be considered sufficient.

g. The stipends for the training should be granted only to Mysoreans by birth or domicile.

h. The candidates admitted for training should be not less than 18 years and not more than 25 years of age at the time of admission.

i. Private candidates may be admitted for the training and a fee of Rs.3/- per mensem may be levied from each candidate.

j. The training classes for the probationary nurses will hereafter be regularised admissions being restricted to a definite period in the year (June) to enable all the candidates to have a uniform course of lectures and training.

k. Probationary nurses (and pupil nurses now under training) will be allowed leave as noted below.-

1. Casual leave for 20 days in a year subject to the maximum of seven days at a time;
2. Sick leave with stipend for a period not exceeding three weeks at a time when they are really ill and undergo treatment in a Government Hospital.

After considerable discussion, the Committee unanimously resolved.-

1. that the period of training may be for 4 years - 3 years in sick-nursing and one year in midwifery,

2. that the minimum qualifications for admission to the course be limited to IV Form Standard,

3. that each selected candidate be admitted on three months trial, on the expiry of which period, if they fail to pass an entrance examination held by a Board consisting of the Medical Officer, the Lady Medical Officer and the Nursing Superintendent of the Hospital, their training may be terminated,

4. that the present practice of binding the State trained nurses to serve the Government for a period of five years is too long and may be reduced to only one year, the reason being that even during the period of training a probationary nurse renders service to the State which is more than compensated for the stipend she receives. If on qualifying she fails to serve Government for one year, she shall refund the stipend amount in full. It was further resolved that the existing contracts may be suitably modified with retrospective effect,

5. that a uniform stipend of Rs.30/- per mensem may be paid to these probationers for a period of four years,

6. that the existing pupil nurses scholarship of Rs.15/- may be abolished and the funds thus released be merged for the grant of scholarships to probationers. Thus there would be only one course for probationary nurses of four years and a total of 25 candidates could be trained every year,

7. that if arrangements could be made for their boarding and lodging in the Hospital premises, it is suggested that Rs.25/- may be deducted out of their stipend for boarding expenses, and the balance of Rs.5/- be given to them as pocket money,

8. that all probationary nurses be exempted from payment of lighting, water and scavenging charges during the course of their training,

9. that scholarships should be made available for giving post graduate training to qualified nurses to obtain training in special subjects in various schools of nursing in India and abroad.

It is understood that Government have passed orders in their order No.M.7197-9/Med.93-43-7 dated 10-2-1944 (Annexure 4) on the proposals made by the Department, but the Committee request that these may be suitably modified in view of the recommendations made above.

(2) Employment of married nurses.-

The present procedure of recruitment to the Nursing Services both married and unmarried candidates was discussed and it was pointed out that the Senior Surgeon was already in correspondence with the Government on the subject. The Chairman brought to the notice of the Committee that this subject was already covered by the issue of the Government Order No.G.2215-35/Med.50-43-1 dated 19th August 1943, where rules for the new entrants were laid down, and that this gave the Committee no choice for further discussion. It was however resolved "that widows and married women who have left their husbands may be employed as nurses".

(3) Revision of Scales of Pay of Nurses.-

It was brought to the notice of the Committee that prior to 1939 there were 20 different scales of pay in the several Hospitals, which were reduced to three scales i.e.

First Grade	..	Rs.60-5/3-90
Second Grade	..	Rs.40-5/3-60
Third Grade	..	Rs.25- 1 -40

29

and as it was felt that the pay of the third grade nurses required some improvement, proposals for the revision of this scale to Rs.30-1-40 had been submitted to Government.

After a discussion of the subject, the Committee resolved that "information may be obtained from the neighbouring States and British Indian Provinces about the scales and the grades of pay obtaining there with information about the hours of work and number of patients alloted for each nurse, for the consideration of the Committee".

The Secretary wrote for and obtained information from the neighbouring States of Hyderabad, Travancore and Cochin and the British Indian Provinces of Bombay and Madras. A statement of the information was discussed by the Committee at length, and they were unanimously of opinion that the following grades of pay may be recommended to Government for sanction.

1. (a) Staff Nurses.-

1. First Grade ..	Rs.80-5/2-100	R.A. Rs.20/- per mensem and U.A. Rs.48/- per annum.	
2. Second Grade ..	Rs.55-5/2-75		
3. Third Grade ..	Rs.35-3/2-50		
(b) Sisters ..	Rs.125-5-150	R.A. Rs.30/- per mensem and U.A. Rs.60/- per annum.	
(c) Matrons ..	Rs.200-10-300	R.A. Rs.40/- per mensem and U.A. Rs.75/- per annum.	

2. that all the nurses in the State be treated as one Unit and promotions and transfers be effected accordingly by one authority.

The question of the number of beds to be alloted to each nurse and the hours of work was also discussed at length. The Committee were of opinion that

1. though a hard and fast rule cannot be laid down, eight beds to one nurse was an ideal to be kept in view and

2. an eight hour day is recommended, with one whole day off on week days and half a day on Sundays.

It was urged that facilities should be provided as far as possible for permitting the nurses to attend to their religious duties on obligatory days.

(4) Whether the relatives of nurses may be allowed to live with them in the official quarters.-

It was explained that the quarters provided for nurses were not exclusively used by the nurses and that various difficulties and complications arise out of the present practice of husbands and other relatives of the nurses staying in the quarters and bringing their friends, who would spend late hours, much to the discomfort of the neighbouring nurses, especially unmarried women. It was resolved that "when quarters are provided for, the nurses shall be permitted to live with their relatives-women only - not exceeding two in number. Such of the married nurses who desire to live with their husbands, may live outside.

(5) Provision of further amenities to the Nursing Staff.-

It was discussed that the Nursing staff at present are not provided with any social amenities in the Hospitals. After strenuous work for long hours in the Hospitals they naturally feel the necessity for some social recreations, provision for which has to be made. The Committee were unanimously of opinion that better facilties for recreation should be provided and it was resolved that.-

(1) "A club may be started in a suitable place for providing the nurses with certain recreations".

(2) "Nurses shall receive free medical treatment in the institutions in which they serve".

(3) "Wherever quarters are not provided for them suitable house rent should invariably be given in lieu thereof".

(6) Grant of Maternity leave to Nurses.-

This subject was not discussed as it was covered by the Government Order of 19th August 1943.

(7) Other subjects.-

(a) Appointment of Night Superintendents to the Victoria Hospital, Bangalore.-

It was explained that the question has been under correspondence since 1939. The Medical Officer of the Victoria Hospital had been constantly urging for these appointments for the better supervision of the Nursing staff during the nights. It was also pointed out that such posts exist in every important Hospitals in British India. After considerable discussion it was resolved that "while the Committee is strongly in favour of these appointments in the Victoria Hospital - which may be sanctioned immediately - similar proposals for the other major Medical Institutions i.e. the Vani Vilas and the Cheluvamba Hospitals may also be favourably considered. The Committee further feels that it is absolutely necessary to appoint at least two Nursing Sisters and one Sister tutor on Rs.125-5-150 to the two teaching Hospitals.

Read.-

Letter No.3573/L.C. dated the 16th December 1942 from the Secretary Representative Assembly and Legislative Council, forwarding copy of the following resolution passed at the meeting of the Legislative Council held on the 14th December 1942.-

"This Council recommends to the Government of His Highness the Maharaja that, with a view to removing various anomalies existing at present in the Nursing staff employed in Government Hospitals and with a view to bringing about uniformity of services and a more efficient and equitable arrangement, the Government be pleased to appoint a Committee to enquire into the whole question and make early recommendations".

2. Correspondence ending with letter No.G.C.392-11 dated the 23rd July 1944 from the Senior Surgeon with the Government, suggesting a panel of names who may constitute a Committee for going into the question of nursing services in the Hospitals of the State and also proposing certain terms of reference for consideration by the Committee.

- - -

Order No.G.1561-8/Med.181-42-9 dated 6th August 1943.

On a careful consideration of the matter, Government are pleased to appoint a Committee with the following personnel.-

1. The Senior Surgeon with the Government of Mysore (Chairman)
2. The Director of Public Health in Mysore.
3. The Chief Medical Officer, Women's Hospitals in Mysore
4. Mr. W.H. Theobald, M.A.M.T., A.S.C., Mysore
5. Dr. T.C.M. Royan, M.D., Bangalore.
6. The Medical Officer, St. Martha's Hospital, Bangalore.
7. Sri Nagamma Srikantiah, Member, Legislative Council.
8. The Medical Officer, Victoria Hospital, Bangalore.

The Personal Assistant to the Senior Surgeon will be the Secretary.

The following are the terms of reference for consideration by the Committee.-

1. Uniformity of standards of training of Nurses.
2. Question of employment of married nurses.
3. Revision of the scale of pay of nurses
4. Whether the relatives of nurses may be allowed to live with them in the official quarters.
5. Provision of certain ameneties to the Nursing Staff such as recreation, club and library.
6. Grant of maternity leave to nurses.

The Committee is requested to go into the question of nursing service in the Hospitals as indicated above and investigate them carefully and make recommendations to Government at an early date. The opinion of the Committee is also requested on the proposal for the appointment of two Night Superintendents on Rs.125-5-150 with ration and uniform allowance of Rs.25/- per mensem for the Victoria Hospital, Bangalore.

Sd/- K. Ramasastri
For Secretary to Government,
Law Department.

92

ANNEXURE 2.

Proceedings of the Meeting of the Committee appointed for going into the question of Nursing Services in the Hospitals of the State held in the Senior Surgeon's Office on the 31st August 1943 at 4.30 P.M.

- - -

Present

1. Dr. F.H Noronha
2. Mr. W.H: Theobald, M.A.M.T., A.S.C.,
3. Dr. T.C.M. Royan, M.D.
4. Dr. P.Parthasarathy
5. Dr. T.Seshachalam
6. Dr. (Miss) M.C. Albuquerque
7. Dr. V.V. Monteiro (Chairman).

- - -

1. The question of the uniformity of standards of training of nurses was discussed at length and it was resolved "that the period of training may be for 4 years, 3 years in sick-nursing and 1 year in midwifery, that the minimum qualification for admission to the course be limited to the IV Form Standard and that each selected candidate be admitted on 3 months trial, on the expiry of which period, if they fail to pass an entrance examination to be held by the Nursing Superintendent of the Hospital, they will be dismissed".

2. Question of employment of married nurses.- The Chairman brought to the notice of the Committee, that this subject was already covered by the issue of the Government Order No.G.2215-35/Med.50-43-1 dated 19-8-1943 where rules for new entrants in this behalf were already laid down, and that this gave the Committee no choice of further discussion. It was however resolved that "widows and married women who have left their husbands may be employed as nurses".

3. Revision of scales of pay of Nurses.- It was brought to the notice of the Committee that prior to 1939, there were 20 different scales of pay in the several Hospitals, which were reduced to three scales i.e.

First Grade	..	Rs. 60-5/3-90
Second Grade	..	Rs. 40-5/3-60
Third Grade	..	Rs. 25- 1- 40

and as it was felt that the pay of the 3rd grade nurses required some improvement, proposals for the revision of this scale to Rs.30-1-40 had been submitted to Government.

After a discussion of the subject, the Committee resolved that "information may be obtained from the neighbouring States and British Indian Provinces about the scale and the grades of pay obtaining there with information about the hours of work and the number of patients alloted for each nurse, for the consideration of the Committee".

4. Relatives of nurses to live with them.- This question was discussed at great length. The Committee were informed of the various difficulties and complications arising out of the present practice of husbands and other relatives of the nurses, staying in the quarters, and bringing their friends who would spend late hours, much to the discomfort to the neighbouring nurses, especially unmarried women. It was resolved "that when quarters are provided for, the nurses shall be permitted to live with her relations - women only - not exceeding two in number. Such of the married nurses who desire to live with their husbands, may live outside"

5. Provision of further amenities to the Nursing Staff.- The Committee were unanimously of opinion that better facilities for recreation should be provided and it was resolved that "a club may be started in a suitable place for providing the nurses with certain recreations"

6. The question of the grant of maternity leave to nurses was not discussed as it was covered by the Government Order of the 19th August 1943

7. Appointment of Night Superintendents for Victoria Hospital.- It was resolved that "while the Committee is strongly in favour of these appointments in the Victoria Hospital, which may be sanctioned immediately; similar proposals for the other major institutions - Vani Vilas Hospital and Cheluvamba Hospital - may also be favourably considered".

---:0:---

ANNEXURE 3.

Proceedings of the Second Meeting of the Committee appointed for going into the question of Nursing Services in the Hospitals of the State held in the Senior Surgeon's Office on the 5th November 1943.

- - -

Present.

1. Dr. F.H. Noronha
2. Mr. W.H. Theobald, M.A.M.T., A.S.C.,
3. Dr. T. Seshachalam
4. Dr. P.Parthasarathy
5. Dr. (Miss) M.C. Albuquerque
6. Dr. V.V. Monteiro (Chairman)

- - -

1. The Proceedings of the first meeting were read and recorded.

2. The information obtained from the neighbouring States of Hyderabad, Travancore and Cochin, and the British Indian Provinces of Bombay and Madras about the grades of pay obtained there were discussed at length by the Committee. After consideration of all aspects of the case the Committee were unanimously of opinion that the following grades of pay may be recommended to Government for sanction.

1. Staff Nurse.-	1. First Grade Rs.80-5/2-100 2. Second Grade Rs.50-5/2-75 3. Third Grade Rs.30-3/2-45	R.A. Rs.20/- per mensem & U.A. Rs.48/- per annum
2. Sisters.-	on Rs.125-5-150	R.A. Rs.30/- per mensem & U.A. Rs.60/- per annum.
3. Matrons.-	on Rs.200-10-300	R.A. Rs.40/- per mensem & U.A. Rs.75/- per annum.

It was resolved that all the nurses in the State should be treated as one Unit, and promotions and transfers effected accordingly.

The question of the training of probationary nurses was then taken up for discussion. The Committee were unanimously of opinion that the present practice of binding the State Trained Nurses to serve the Government for a period of 5 years, failing which they have to refund their stipend, should be abolished. It was expressed that even during the period of training, a nurse renders her services to the State, which is more than compensated for the stipend she receives, and thus there was no cause for insisting on a refund if she wants to resign or seek service elsewhere. It was further resolved that all the existing contracts may also be cancelled with retrospective effect.

Resolved that a uniform stipend of Rs.30/- per mensem may be paid to these probationers for a period of 4 years, and that the existing pupil nurses' scholarships of Rs.15/- may be abolished, and the funds thus released be also merged for the grant of scholarship to probationers. Thus there would only be one course for probationary nurses, of four years, and a total of candidates could be trained every year. If arrangements could be made for their boarding and lodging in the Hospital premises, it was suggested that Rs.25/- may be deducted out of the stipend for their boarding expenses and the balance of Rs.5/- given to them as pocket money. It was further resolved that all these probationary nurses be exempted from payment of lighting and water charges during the course of their training.

The question of the number of beds to be alloted for each nurse and the hours of work was also discussed at length. The Committee were of opinion that though a hard and fast rule cannot be laid down, 8 beds to one nurse was an ideal to be kept in view. As regards hours of work , an 8 hour day was recommended, with one whole day off on week days and half a day on Sundays. It was also urged that, facilities should be provided, as far as possible, for permitting the nurses to attend to their religious obligations on Sundays.

Finally the Committee resolved that shholarships should be founded for giving post graduate training to qualified nurses to obtain training in special subjects in various schools of Nursing in India and abroad.

Med. 178-42-44

S.S.

Sir,

Subject:- Report of the Committee on Nursing Services

With reference to your letter No & 392-42 dated 2.8.44 submitting the report referred to above, I am directed to request you to furnish your opinion as Head of the Med. Dept. on each of the points raised in it.

I am also to request that your opinion may be furnished on the following points which have been urged by the C.M.O. Women's Hospitals in Bombay

(i) As training in Obstetrics and Gynaecology is given in V.V. and Chelvambal Hospitals it is urged that these institutions

be regarded as teaching institutions for nurses. The CMO also states that the Govt of Madras recognise these hospitals as training centres for nurses in the two subjects.

(ii) She also requests the appointment of night sisters, nursing and tutor sisters to Maternity Hospitals viz the V.V and Chelluvamba Hospitals. She is of opinion that the appointment of supervising sisters in Maternity hospitals is of the greatest importance as the lives of mothers and infants are in the hands of the nurses conducting deliveries

Med 178-42-15

GOVERNMENT OF MYSORE

No. Gc-392-42 **OFFICE OF The Senior Surgeon in Mysore,**
Encls. Two.

Bangalore, Date 10.2.45

GEN. SECRETARIAT 3701 12 FEB. 1945

The Secretary to the Government of
12 FEB. 1945 His Highness the Maharaja of Mysore,
Education Department, Bangalore.

Sir,

Sub.- Report of the Committee on Nursing Services.

With reference to your letter No.M.5151/Med.178-43-14 dated 7-12-1944 on the above subject, I have the honour to furnish a note embodying my opinion on each of the points raised in the report of the Nurses' Committee.

As regards the points raised by the Chief Medical Officer, Women's Hospitals in Mysore, I submit for the information of Government a copy of letter received from the Registrar, Madras Nurses and Midwives Council, in which it is clearly stated that the Vani Vilas and the Cheluvamba Hospitals are recognised as "training centres for midwives only and not for nurses". This confirms what I had stated earlier in para 4 of my letter No.G.C.392-42 dated 2-8-1944, and I am unable to change my opinion already furnished therein. It is true that training in Gynacology and Obstetrics is given in these institutions, but it is not correct to say that the "Government of Madras recognise these institutions as training centres for nurses ....." Pupils receive their basic training in Nursing in the general hospitals - Victoria and Krishnarajendra Hospitals.

As already stated in my note, the question of the appointment of Night Superintendents to Vani Vilas and Cheluvamba Hospitals is desirable and may be separately considered by the Government. The Committee have also expressed the same opinion.

I have the honour to be,
Sir,
Your most obedient servant,

Senior Surgeon

WVD.

Copy of letter dated 18th January 1945 from the Registrar Madras Nurses and Midwives Council, Madras to the Senior Surgeon in Mysore, Bangalore.

- - -

Ref.- Your letter No.G.C.392-45 dated 16th January 1945 regarding recognition of the Vani Vilas Hospital, Bangalore and the Cheluvamba Hospital, Mysore, as training centres for nurses.

I have the honour to state that the Vani Vilas Hospital, Bangalore, and the Cheluvamba Hospital, Mysore are recognised at present by the Madras Nurses and Midwives Council as training centres for midwives only and not for nurses. In this connection, copy of a letter dated 6-8-1942 sent from this office to the Chief Medical Officer, Women's Hospitals in Mysore, Bangalore regarding the continuance of the above institutions in the list of training centres recognised by the Madras Nurses and Midwives Council is forwarded for your information.

--- ---

C [illegible]

Senior Surgeon.

Note embodying the opinion of the Senior Surgeon on each of the points raised in the report of the Nurses Committee.

---:0:---

1. Uniformity of Standards of training.-

I agree with the proposals made by the Committee about the modified terms for the training of nurses. Suitable modifications may be made in the Government Order No.M.7197-9/Med.93-43-7 dated 10-2-1944 so as to embody the suggestions of the Committee. But with a view to encourage girls to take to Nursing 2(i) may be omitted and a security deposit of Rs.20/- may be taken from private candidates as a precaution against theft, breakage, etc.,

2. Employment of Married Nurses.-

Government Order No.2215-55/Med.50-43-1 dated 19th August 1943 may be modified to meet the recommendations of the Committee.

3. Scale of pay of Nurses.-

It was after obtaining information about the scales of pay obtaining elsewhere that the Committee arrived at the conclusion to suitably modify the existing scales sanctioned in 1939.

The scale of pay of 3rd grade nurses has since been changed to Rs.30-1-40 by Government Order No.G.7197-9/Med. 93-43-7 dated 10-2-1944 at a net extra cost of Rs.3,266/- per annum. As a Via Media, I would propose that the second and first grade may also be modified to Rs.45-5/2-65 and Rs.70-5/2-100. This would also reduce the additional cost.

The proposed scales of pay for Sisters and Matrons is quite suitable and may be sanctioned. The Senior Surgeon may be the Unit Officer for effecting promotions and transfers etc., as at present.

As regards the number of beds to be alloted to each nurse, till quite a large number of nurses are available for employment, the suggestions of the Committee could only be kept as an ideal to be kept in view for ultimate achievement.

4. I am entirely in agreement with the views of the Committee about the exclusion of the male members from the nurses' quarters, and this rule deserves to be enforced Such of the married nurses who desire to live with their husbands may live outside, but they will not be eligible for House rent.

5. It is very desirable that recreation facilities should be provided for nurses after their hard day's work. A club on a small scale, providing for some in-door games, like carrom, ping pong, draughts, chess, a radio, a reading room with news papers, some magazines, a badminton court attached, would go a long way to break the monotony of their day's work.

Free medical treatment should be provided to nurses, as is generally the rule in all institutions in India and abroad. A suitable house rent allowance should be given to them as a general rule where free quarters are not provided.

6. Calls for no remarks.

7. I am strongly in favour of appointment of the Nursing Sister and Sister Tutors to the two teaching institutions for nurses viz. the Victoria and Krishnarajendra Hospitals. The question of the appointment of Night Superintendents to the Victoria Hospital is pending consideration from a long time and deserves immediate consideration. Similar appointments i.e. Night Superintendents to the Vani Vilas Hospital and Cheluvamba Hospital, may also be separately considered.

Senior Surgeon

TVD.

GOVERNMENT OF MYSORE. 0450

OFFICE OF The Senior Surgeon in Mysore, Bangalore.

Immediate

No. Cyc.392-48 Date 31st May 1945.

To The Secretary to the Government of H.H. the Maharaja of Mysore, Education Department, Bangalore.

Please put up with the file

Sub:- Report of the Committee on Nursing Services.

In continuation of my letter No.G.C 48-49 dated the 10th February 1945 on the above subject, I have the honour to submit that in regard to item I(b) of the recommendations, regarding the uniformity of standard of training, it was the opinion of the Committee that the existing pupil nurses' scholarships of Rs 15 may be converted into the grant of scholarships to probationary nurses. As eight scholarships were being given to pupil nurses, a sum of Rs 120 would be saved, which, if added to the provision made for the grant of 25 scholarships to probationary nurses, would afford relief for training four more candidates every year. The number of

P.T.O.

probationary nurses' scholarships
it thus be increased from 25 to

I have the honor to be,

Senior Surgeon.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

Government Order No. S.1561-8/Med. 170-42-3, dated the 6th August constituting a committee with the marginally noted personnel, to examine the conditions of nursing services in the hospitals and to submit its recommendations.

- The Senior Surgeon in Mysore (Chairman)
- The Director of Public Health.
- The Chief Medical Officer, Users's Hospitals in Mysore.
- Mr. [illegible] Chengalil, B.A., B.L., Mysore.
- Mr. [illegible] Joyan, B.A., Bangalore.
- The Medical Officer, St. Martha's Hospital, Bangalore.
- [illegible] Sameer Fatima B.A., Bangalore.
- The Medical Officer, Victoria Hospital, Bangalore.

2. Letter No.C.C. 393-42, dated the 2nd August 1944 from the Senior Surgeon and Chairman, Nurses' Committee, submitting the report of the Committee for the consideration of Government.

3. Further correspondence ending with letter No.S.C.393-47, dated 16th February 1945 from the Senior Surgeon in Mysore furnishing his further remarks on the recommendations of the Committee.

Read ... M 10749-51/170 / 8.42-16

... 1st June 1945.

The Committee discussed the following points referred to them and submitted its report as under hereto.-

Terms of reference.

I. Uniformity of standards of training for nurses.
II. Question of employment of married nurses.
III. Revision of the scales of pay of nurses.
IV. Whether relatives of nurses may be allowed to live with them in the official quarters.
V. Revision of amenities to the nursing staff.
VI. Grant of maternity leave to nurses.
VII. Appointment of Night Superintendents to the Victoria Hospital.

The opinions of the Senior Surgeon and the Chief Medical Officer are also obtained on these recommendations separately.

After careful consideration of the report and the remarks of the Senior Surgeon and the Chief Medical Officer, Government are pleased to pass the following orders on each of the suggestions of the Committee:-

Recommendations of the Committee.	Orders of Government.
Training of nurses.	
The period of training may be for 4 years - 3 years in sick nursing [illegible] and 1 year in midwifery.	The period of training has already been extended to 4 years vide [illegible].7197-9/Med.93-43-4 dated 10th February 1944.
The minimum qualification for admission to the course be limited to Xth form standard.	The recommendation is accepted as an experimental measure.
Selected candidates be admitted on three months' trial, on the expiry	No examination of the kind suggested is necessary. If any stud-

Shdk

Recommendations of the Committee	Orders of Government.
expiry of which if they fail to pass an entrance examination their training may be terminated.	student is found unfit, she may be sent away at any time.
(4) The present practice of binding the State trained nurses to serve the Government for a period of five years is too long and may be reduced to one year.	The period of contract may be reduced to 3 years.
The existing contracts may be ~~with~~ suitably modified with retrospective effect.	Existing contracts need not be interfered with.
(5) A uniform stipend of Rs.30 per mensem may be paid to these probationers for a period of four years.	Approved.
	With a view to encourage girls to take to nursing the Senior Surgeon has recommended that the existing practice of ~~levying~~ levying a fee of Rs.3/- from private candidates may be done away with and that a security deposit of Rs.20/- may be taken from private candidates as a precaution against loss, breakage, etc.
	The above proposal is accepted for the duration of the war.
(6) The existing pupil nurses scholarships may be abolished so that there may be only one course for Probationary nurses of four years.	The system of recruiting pupil nurses has been ordered to be done away with - vide G.O. M.7197-9/Med. 93-42-7, dated 10th February 1944.
(7) If arrangements could be made for their boarding and lodging in the hospital premises, a sum of Rs. 25/- may be deducted out of their stipend for boarding expenses and the balance of Rs.5/- be given to them as pocket money.	Specific proposals may be submitted seperately.
(8) All probationary nurses be exempted from payment of lighting, water and scavenging charges during the course of their training.	Accepted.
(9) Scholarships should be made available for giving post graduate training to qualified nurses to obtain training in special subjects in various schools of nursing in India and abroad.	This recommendation is accepted. The Senior Surgeon and the Chief Medical Officer are requested to submit proposals to implement this recommendation.
10. Employment of married nurses.	
Resolved that widows and married women who have left their husbands may be employed as nurses.	Accepted subject to the conditions prescribed in G.O. ~~dated the 19th August 1943.~~ G 2215-35/Med 57-43-1 dated 19.8.43
11. Revision of the scales of pay of nurses etc.	
(1) The Committee has recommended the	Government consider that uniformity

Recommendations of the Committee.	Orders of Government.
the following scales of pay and allowances:-	uniformity and improvement in the scales of pay of this class of service is necessary, and that this can be considered only after ascertaining the financial implications. The Senior Surgeon is requested to submit a proposition statement in accordance with the recommendations of the Committee for the orders of Government.
Staff nurses.	
First Grade .. Rs.80-5/2-100 plus H.A. of Rs.20/- p.m. plus U.A. of Rs.48/- per year.	
Second Grade .. Rs.55-5/2-75 plus H.A. of Rs.20/- p.m. plus U.A. of Rs.48/- per year.	
Third Grade .. Rs.35-5/2-50 plus H.A. of Rs.20/- p.m. plus U.A. of Rs.48/- per year.	
Sisters .. Rs.125-5-150 plus H.A. of Rs.30/- p.m. plus U.A. Rs.60/- per year.	
Matrons .. Rs.200-10-300 plus H.A. of Rs.40/- p.m. and U.A. Rs.75/- per ye annum.	
(2) All the nurses in the State may be treated as one unit and promotions and transfers effected accordingly by one authority.	Reserved for consideration separately.
Though a hard and fast rule cannot be laid down, eight beds to one nurse would be an ideal to be kept in view and that an eight hours-day should be provided as far as possible, with one whole day off on week days and half a day on Sunday.	As stated by the Committee, this is only an ideal to be kept in view. As regards days off for the present only half a day off on Sunday may be allowed.
Facilities should be provided as far as possible for the nurses/ to attend to their religious duties on obligatory days.	May be allowed at the discretion of the Head of the hospital.
Whether the relatives of nurses be allowed to live with them in official quarters.	
It was resolved that when quarters are provided, the nurses will be allowed to live with their relatives - women only - not exceeding two in number, and that such of the married nurses who desire to live with their husbands may live outside.	The recommendation of the Committee is accepted subject to the condition that married nurses who desire to live outside with their husbands will not be entitled to any house rent allowances.
Revision of certain amenities to nurses.	
Resolved that	

Resolved that

(a) A club may be started in a suitable place for providing the nurses with certain recreations.	(a) Accepted.
(b) Nurses be given free medical treatment.	(b) Accepted.
(c) When quarters are not provided for them suitable house rent allowances should invariably be given.	(c) Accepted on principle. But each case will be considered on merits.
I. Grant of maternity leave to nurses.	This does not arise as per terms of Government Order of 19th August 1943.
II. Appointment of night Superintendents.	
The Committee resolved that while it is strongly in favour of these appointments, in the Victoria Hospital which may be sanctioned immediately, similar proposals for the other major medical institutions i.e., the Vani Vilas and the Cheluvamba Hospitals may also be favourably considered.	Two night Superintendents in the grade Rs.125-5-150 with ration and uniform allowances of Rs.25/- are sanctioned to each of the Hospitals Victoria and the Vani Vilas, Bangalore, and one to the Cheluvamba Hospital, Mysore. The extra average cost on this account comes to Rs.843 3/4 per mensem or Rs.10,125/- per year and will be provided in the budget for 1945-46.
The Committee further felt that it was absolutely necessary to appoint at least two nursing Sisters and one Sister tutor on Rs.125-5-150 in the two teaching hospitals.	The Senior Surgeon is requested to submit detailed proposals in the matter separately.

Government are pleased to place on record their appreciation of the work done by the Committee.

Secretary to Government,
Education Department.

The Senior Surgeon in Mysore.
The Chief Medical Officer, Women's Hospitals in Mysore.
The Comptroller to Government through Financial Secretariat.

NURSES' COMMITTEE REPORT.

At a meeting of the Legislative Council held in Bangalore on the [illegible] December 1942, a resolution was passed regarding the appointment of a Committee to enquire into the question of certain anomalies, existing in respect of the nursing staff of the hospitals in the State. For consideration of this question, Government were pleased to appoint a Committee in their Order No. H. 1501-B/Med. 151-42-9 dated the 5th August 1943 (Annexure 1), consisting of the following members to [illegible] the question in detail:

1. The Senior Surgeon in Mysore, Bangalore (Chairman)
2. The Director of Public Health in Mysore.
3. The Chief Medical Officer, Women's Hospitals in Mysore, Bangalore
4. Dr. [illegible], [illegible], [illegible], Mysore
5. Dr. [illegible], Bangalore
6. The Medical Officer, St. Martha's Hospital, Bangalore.
7. Sri [illegible] Srikantiah, Member, Legislative Council, Bangalore
8. The Medical Officer, Victoria Hospital, Bangalore

The Personal Assistant to the Senior Surgeon ~~will be the~~ Secretary

The following were the terms of reference for consideration by the Committee.-

1. Uniformity of standards of training of nurses.
2. Question of employment of married nurses
3. Revision of the scale of pay of nurses.
4. Whether the relatives of nurses may be allowed to live with them in the official quarters
5. Provision of certain amenities to the nursing staff such as recreation, club and library.
6. Grant of maternity leave to nurses.

The Committee was requested to go into the question of the nursing services in the hospitals as indicated above and investigate them and submit its recommendations to Government. Any other subsidiary matter, not in the terms of references of the Committee were also to be discussed and recommendations made.

Accordingly, the Committee held three meetings. At the first meeting (Annexure 2) items 1,2,3 and 6 of the terms of reference were fully discussed and conclusions arrived at. As it was felt that information may be obtained from the neighbouring British Indian Provinces about the grades of pay obtaining there and the hours of work of nurses, item No.5 was postponed for discussion at a second meeting. The Secretary was authorised to obtain and furnish the information for the second meeting, which was held on the 9th October 1943. At this meeting (Annexure 3), the information obtained on item No.5 was discussed at length, and certain decisions were arrived at. A third meeting was called for on 10th May 1944 to discuss any other subjects which the members wanted to bring up at that meeting, and to formulate the final report for submission to Government.

a

During the meetings there was free and frank discussion on all subjects, and all the decisions arrived at were unanimous. The lady Medical Officer of the Committee was present at all the meetings, and the Committee felt that her views on the subjects would have been very helpful.

The Committee submits herewith their unanimous report for the consideration of Government.

V. J. Monteiro,

Briefly the Standard of training of Nurses,-

Present there are two standards of training of nurses, in the Victoria Princess Jeevra Hospitals.

Re Probationary Nurses who are trained in sick-nursing for a period of 3½ and in midwifery for 6 months. These get a stipend of Rs.30/- per mensem.

Re Local Nurses who are trained for a period of only 2 years - one year sick-nursing and one year in midwifery and who are given a stipend of Rs/- per mensem.

It was also explained that all the nurses who received training for a period less than 3½ years were not recognised by other Governments and were not registrable in any recognised Nursing Association in India, the existing revised conditions of training had been recommended to Government earlier.

a) Probationary Nurses will be recruited for training in future and the practice of selecting candidates as "pupil nurses" will be discontinued.

b) The course of training in the case of probationary nurses will be extended from 3½ to 4 years, of which three years shall be devoted for training in general sick-nursing and one year in midwifery (Gynaecology and Obstetrics).

c) Recruitment of male probationary nurses will be discontinued for the next two years.

d) Scale of stipend to probationary nurses will be Rs.25/- per mensem.

e) Married women will not be admitted for the training but widows may be admitted, preference being given to those without children.

f) As regards the minimum educational qualification for probationary nurses a completed secondary school leaving certificate course will be considered sufficient.

g) The stipends for the training should be granted only to Myoresans by birth or domicile.

h) The candidates admitted for training should be not less than 18 years and not more than 25 years of age at the time of admission.

i) Private candidates may be admitted for the training and a fee of Rs.5/- per mensem may be levied from each candidate.

j) The training classes for the probationary nurses will hereafter be regularised admissions being restricted to a definite period in the year (June) to enable all the candidates to have a uniform course of lectures and training.

k) Probationary nurses (and pupil nurses now under training) will be allowed leave as noted below:-

1. Casual leave for 20 days in a year subject to the maximum of seven days at a time.

2. Sick leave with stipend for a period not exceeding three weeks at a time when they are really ill and undergo treatment in Government Hospital.

After considerable discussion, the Committee unanimously resolved.-

1. That the period of training may be for 4 years - 3 years in sickness and one year in midwifery.

2. That the minimum qualifications for admission to the course be

Sd/-

limited

limited to IV Form standard.

5. that each selected candidate be admitted on three months trial, on the expiry of which period, if they fail to pass an entrance examination held by a Board consisting of the Medical Officer, the Lady Medical Officer and the Nursing Superintendent of the Hospital, their training may be terminated.

6. that the present practice of binding the State trained nurses to serve the Government for a period of five years is too long and may be reduced to only one year, the reason being that even during the period of training a probationary nurse renders service to the State which is more than compensated for the stipend she receives. If on qualifying she fails to serve Government for one year, she shall refund the stipend amount in full. It was further resolved that the existing contracts may be suitably modified with retrospective effect.

7. That a uniform stipend of Rs.30/- per mensem may be paid to these probationers for a period of four years.

8. that the existing pupil nurses scholarship of Rs.15/- may be abolished and the funds thus released be merged for the grant of scholarships to probationers. Thus there would be only one course for probationary nurses of four years and a total of 25 candidates could be trained every year.

9. that if arrangements could be made for their boarding and lodging in the hospital premises, it is suggested that Rs.25/- may be deducted out of their stipend for boarding expenses, and the balance of Rs.5/- be given to them as pocket money.

10. that all probationary nurses be exempted from payment of lighting water and scavenging charges during the course of their training.

11. that scholarships should be made available for giving post graduate training to qualified nurses to obtain training in special subjects in various schools of nursing in India and abroad.

It is understood that Government have passed orders in their order No. 7197-9/ed.93-43-7, dated 10-2-1944 (Annexure 4) on the above proposals made by the Department, but the Committee request that these may be suitably modified in view of the recommendations made above.

(9) Employment of married nurses.-

The present procedure of recruitment to the Nursing Services both married and unmarried candidates was discussed and it was pointed out that the Senior Surgeon was already in correspondence with the Government of the subject. The Chairman brought to the notice of the Committee that this subject was already covered by the issue of the Government order No.7.2415-25/ed.50-43-1, dated the 19th August 1943, where rules for the new entrants were laid down, and that this gave the Committee no choice for further discussion. It was however resolved "that widows and married women who have left their husbands may be employed and as nurses."

(10) Revision of Scales of pay of Nurses.-

It was brought to the notice of the Committee that prior to 1939 there were 20 different scales of pay in the several Hospitals, which were reduced to three scales i.e.

First Grade	...	Rs.60-5/3-90
Second Grade	...	Rs.40-5/3-60
Third Grade	...	Rs.25 -1- 40

(Continued).

and as it was felt that the pay of the third grade nurses required some improvement, proposals for the revision of this scale to Rs.30-1-40 had been submitted to Government.

After a discussion of the subject, the Committee resolved that information may be obtained from the neighbouring States and British Indian Provinces about the scales and the grades of pay obtaining there with information about the hours of work and number of patients alloted for each nurse, for the consideration of the Committee".

The Secretary wrote for and obtained information from the neighbouring States of Hyderabad, Travancore and Cochin and the British Indian Provinces of Bombay and Madras. A statement of the information was discussed by the Committee at length, and they were unanimously of opinion that the following grades of pay may be recommended to Government for sanction.

1.(a) Staff Nurses:-

1. First Grade	Rs.60-5/2-100	R.A.Rs.20 per mensem and U.A.Rs.48 per annum.
2. Second Grade.	55-5/2-75	
3. Third Grade.	35-3/2-~~75~~ 50	
(b) Sisters.	125-5-150	R.A.Rs.30 per mensem and U.A.Rs.60 per annum.
(c) Matrons.	200-10-300	R.A.Rs.40 per mensem and U.A.Rs.75 per annum.

2. that all the nurses in the State be treated as one unit and promotions and transfers be effected accordingly by one authority.

The question of the number of beds to be alloted to each nurse and the hours of work was also discussed at length. The Committee were of opinion that.

1. though a hard and fast rule cannot be laid down, eight beds to one nurse was an ideal to be kept in view and

2. an eight hour day is recommended, with one whole day off on week days and half a day on Sundays.

It was also resolved that facilities should be provided as far as possible for permitting the nurses to attend to their religious duties on obligatory days.

(4) Whether the relatives of nurses may be allowed to live with them in the official quarters:-

It was explained that the quarters provided for nurses were not exclusively used by the nurses and that various difficulties and complications arise out of the present practice of husbands and other relatives of the nurses staying in the quarters and bringing their friends, who would visit late hours, much to the discomfort of the neighbouring nurses, especially unmarried women. It was resolved that "when quarters are provided for, the nurses shall be permitted to live with their relatives-women only - not exceeding two in number. Such of the married nurses who desire to live with their husbands, may live outside.

(5) Provision of further amenities to the nursing staff:-

It was discussed that the nursing staff at present are not provided with any social amenities in the hospitals. After strenuous work for long hours in the hospitals they naturally feel the necessity for some social recreations, provision for which has to be made. The Committee were unanimously of opinion that better facilities for recreation should be provided and it was resolved that.-

(1) "A club may be started in a suitable place for providing the nurses with certain recreations".

(2) "Nurses shall receive free medical treatment in the institutions in which they serve".

(3) "Where no quarters are provided for them suitable board must should invariably be given in lieu thereof"

(4) Grant of maternity leave to nurses:

The subject was not placed on it was considered by the Government [illegible]

(7) [illegible]

(8) [illegible] Hospital, [illegible]more.

It was explained that the question has been under correspondence [illegible] . Recommendation of the Victoria Hospital has been [illegible] for these appointments for the better supervision of [illegible] the hospitals. It was also pointed out that [illegible] in every important hospital in British India. Under [illegible] Committee is strongly [illegible] in the Victoria Hospital which may be [illegible] and the other major medical [illegible] i.e., the medical profession and the [illegible] may also [illegible] Committee that it is not [illegible] but it is up to [illegible] to the Government of India.

Nursing Services.

Passes orders on the report of the committee appointed to examine the conditions of the ——— in the State Hospitals.

READ—

Government Order No. G. 1561-8—Med. 178-42-9, dated the 6th August 1943, constituting a committee with the marginally noted personnel, to examine the conditions of nursing services in the hospitals and to submit its recommendations.

1. The Senior Surgeon in Mysore (Chairman).
2. The Director of Public Health.
3. The Chief Medical Officer, Women's Hospitals in Mysore.
4. Mr. W. H. Theobald, M.A., M.P., Mysore.
5. Dr. T. C. M. Royan, M.D., Bangalore.
6. The Medical Officer, St. Martha's Hospital, Bangalore.
7. Sri Nagamma Srikantiah, M.B.C., Bangalore.
8. The Medical Officer, Victoria Hospital, Bangalore.

2. Letter No. G. C. 392-42, dated the 2nd August 1944, from the Senior Surgeon and Chairman, Nurses' Committee, submitting the report of the Committee for the consideration of Government.

3. Further correspondence ending with letter No. G. C. 392-47, dated the 10th February 1945, from the Senior Surgeon in Mysore, furnishing his further remarks on the recommendations of the Committee.

ORDER No. M. 10749-51—MED. 178-42-16, DATED BANGALORE, THE 1ST JUNE 1945.

The Committee discussed the following points referred to them and has submitted its report appended hereto.

Terms of reference.

I. Uniformity of standards of training for nurses.
II. Question of employment of married nurses.
III. Revision of the scales of pay of nurses.
IV. Whether relatives of nurses may be allowed to live with them in the official quarters.
V. Provision of amenities to the nursing staff.
VI. Grant of maternity leave to nurses.
VII. Appointment of Night Superintendents to the Victoria Hospital.

The opinions of the Senior Surgeon and the Chief Medical Officer were also obtained on these recommendations separately.

After a careful consideration of the report and the remarks of the Senior Surgeon and the Chief Medical Officer, Government are pleased to pass the following orders on each of the suggestions of the Committee :—

Recommendations of the Committee	*Orders of Government*
I. TRAINING OF NURSES.	
(1) The period of training may be for 4 years—3 years in sick nursing and one year in midwifery.	The period of training has already been extended to 4 years *Vide* G. O. No. M. 7197-9—Med. 93-42-7, dated 10th February 1944.
(2) The minimum qualification for admission to the course be limited to IV Form Standard.	The recommendation is accepted as an experimental measure.
(3) Selected candidates be admitted on three months' trial, on the expiry of which if they fail to pass an entrance examination their training may be terminated.	No examination of the kind suggested is necessary. If any student is found unfit, she may be sent away at any time.
(4) The present practice of binding the State trained nurses to serve the Government for a period of five years is too long and may be reduced to one year.	The period of contract may be reduced to 3 years.
The existing contracts may be suitably modified with retrospective effect.	Existing contracts need not be interfered with.

No. M. 10749-51—Med. 178-42-16, dated 1st June 1945.

Recommendations of the Committee	*Orders of Government*
(5) A uniform stipend of Rs. 30 per mensem may be paid to these probationers for a period of four years.	Approved. With a view to encourage girls to take to nursing, the Senior Surgeon has recommended that the existing practice of levying a fee of Rs. 3 from private candidates may be done away with and that a security deposit of Rs. 20 may be taken from private candidates as a precaution against loss, breakage, etc. The above proposal is accepted for the duration of the war.
(6) The existing pupil nurses scholarships may be abolished so that there may be only one course for probationary nurses of four years.	The system of recruiting pupil nurses has been ordered to be done away with—*vide* G.O. No. M. 7197-9—Med. 93-42-7, dated 10th February 1944. Specific proposals may be submitted separately.
(7) If arrangements could be made for their boarding and lodging in the hospital premises, a sum of Rs. 25 may be deducted out of their stipend for boarding expenses and the balance of Rs. 5 be given to them as pocket money.	Accepted.
(8) All probationary nurses be exempted from payment of lighting, water and scavenging charges during the course of their training.	This recommendation is accepted. The Senior Surgeon and the Chief Medical Officer are requested to submit proposals to implement this recommendation.
(9) Scholarships should be made available for giving post-graduate training to qualified nurses to obtain training in special subjects in various schools of nursing in India and abroad	
II. Employment of Married Nurses.	
Resolved that widows and married women who have left their husbands may be employed as nurses.	Accepted subject to the conditions prescribed in G.O. No. G. 2215-35—Med. 50-43-1, dated 19th August 1943.
III. Revision of the Scales of Pay of Nurses, etc.	
(1) The Committee has recommended the following scales of pay and allowances :—	Government consider that uniformity and improvement in the scales of pay of this class of service is necessary, and that this can be considered only after ascertaining the financial implications. The Senior Surgeon is requested to submit a proposition statement in accordance with the recommendations of the Committee for the orders of Government.
Staff Nurses.	
First grade ... Rs. 80-5/2-100 plus R.A. of Rs. 20 P.M. plus U.A. of Rs. 48 per year.	
Second grade ... Rs. 55-5/2-75 plus R.A. of Rs. 20 P.M. plus U.A. of Rs. 48 per year.	
Third grade ... Rs. 35-5/2-50 plus R.A. of Rs. 20 P.M. plus U.A. of Rs. 48 per year.	
Sisters ... Rs. 125-5-150 plus R.A. of Rs. 30 P.M. plus U.A. of Rs. 60 per year.	
Matrons ... Rs. 200-10-300 plus R.A. of Rs. 40 P.M. and U.A. Rs. 75 per annum.	
(2) All the nurses in the State may be treated as one unit and promotions and transfers effected accordingly by one authority.	Reserved for consideration separately.
Though a hard and fast rule cannot be laid down, eight beds to one nurse would be an ideal to be kept in view and that an eight-hours day should be provided as far as possible, with one whole day off on week days and half a day on Sunday.	As stated by the Committee, this is only an ideal to be kept in view. As regards days off, for the present, only half a day off on Sunday may be allowed.
Facilities should be provided, as far as possible, for the nurses to attend to their religious duties on obligatory days.	May be allowed at the discretion of the head of the hospital.
IV. Whether the relatives of nurses be allowed to live with them in official quarters.	
It was resolved that when quarters are provided, the nurses will be allowed to live with their relatives—women only—not exceeding two in number, and that such of the married nurses who desire to live with their husbands may live outside.	The recommendation of the Committee is accepted subject to the condition that married nurses who desire to live outside with their husbands will not be entitled to any house rent allowances.

No. M. 10749-51—Med. 178-42-16, dated 1st June 1945.

Recommendations of the Committee	*Orders of Government*
V. Provision of certain amenities to nurses.	
Resolved that—	
(*a*) A club may be started in a suitable place for providing the nurses with certain recreations.	(*a*) Accepted.
(*b*) Nurses be given free medical treatment.	(*b*) Accepted.
(*c*) When quarters are not provided for them, suitable house rent allowances should invariably be given.	(*c*) Accepted on principle. But each case will be considered on merits.
VI. Grant of maternity leave to nurses.	This does not arise as per terms of Government Order of 19th August 1943.
VII. Appointment of Night Superintendents.	
The Committee resolved that while it is strongly in favour of these appointments in the Victoria Hospital, which may be sanctioned immediately, similar proposals for the other major medical institutions, *i.e.*, the Vani Vilas and the Cheluvamba Hospitals may also be favourably considered.	Two Night Superintendents in the grade Rs. 125—5—150 with ration and uniform allowances of Rs. 25 are sanctioned to each of the hospitals, Victoria and the Vani Vilas, Bangalore, and one to the Cheluvamba Hospital, Mysore.
The Committee further felt that it was absolutely necessary to appoint at least two Nursing Sisters and one Sister Tutor on Rs. 125—5—150 in the two teaching hospitals.	The extra average cost on this account comes to Rs. 843¾ per mensem or Rs. 10,125 per year and will be provided in the budget for 1945-46. The Senior Surgeon is requested to submit detailed proposals in the matter separately.

Government are pleased to place on record their appreciation of the work done by the Committee.

N. S. HIRANNAYYA,
Secretary to Government,
Education Department.

To—The Senior Surgeon in Mysore.
The Chief Medical Officer, Women's Hospitals in Mysore.
The Comptroller to Government through the Financial Secretariat.

No. M. 10749-51—MED. 178-42-16, DATED 1ST JUNE 1945.

ANNEXURE.

NURSES' COMMITTEE REPORT.

At a meeting of the Legislative Council held in Bangalore on the 14th December 1942, a resolution was passed regarding the appointment of a Committee to enquire into the question of certain anomalies, existing in respect of the Nursing Staff of the Hospitals in the State. After a consideration of this question, Government were pleased to appoint a Committee in their Order No. G. 1561-8—Med. 181-42-9, dated the 6th August 1943 (Annexure 1), consisting of the following members to enquire into this question in detail :—

1. The Senior Surgeon in Mysore, Bangalore (*Chairman*).
2. The Director of Public Health in Mysore.
3. The Chief Medical Officer, Women's Hospitals in Mysore, Bangalore.
4. Mr. W. H. Theobald, M.A., M.T., A.S.C., Mysore.
5. Dr. T. C. M. Royan, M.D., Bangalore.
6. The Medical Officer, St. Martha's Hospital, Bangalore.
7. Sri Nagamma Srikantiah, Member, Legislative Council. Bangalore.
8. The Medical Officer, Victoria Hospital, Bangalore.

The Personal Assistant to the Senior Surgeon (*Secretary*).

The following are the terms of reference for consideration by the Committee :—

1. Uniformity of standards of training of nurses.
2. Question of employment of married nurses.
3. Revision of the scale of pay of nurses.
4. Whether the relatives of nurses may be allowed to live with them in the official quarters.
5. Provision of certain amenities to the nursing staff such as recreation, club and library.
6. Grant of maternity leave to nurses.

The Committee was requested to go into the question of the Nursing Services in the Hospitals as indicated above and investigate them and make suitable recommendations to Government. Any other subsidiary questions arising out of the terms of references of the Committee were also permitted to be discussed and recommendations made.

Accordingly, the Committee held three meetings. At the first meeting (Annexure 2) items 1, 2, 4 and 6 of the terms of reference were fully discussed and conclusions arrived at. As it was felt that information may be obtained from the neighbouring British Indian Provinces and Indian States about the grades of pay obtaining there and the hours of work of nurses, item No. 3 was postponed for discussion to a second meeting. The Secretary was authorised to obtain and formulate the information for the second meeting, which was held on the 15th November 1943. At this meeting (Annexure 3), the information obtained on item No. 3 was discussed at length, and certain decisions were arrived at. A third meeting was called for on 15th May 1944 to discuss any other subjects which the members wanted to bring up for discussion, and to formulate the final report for submission to Government.

During the meeting there was a free and frank discussion on all subjects, and all the decisions arrived at were unanimous. The lady non-official member of the Committee was absent at all the meetings, though the Committee felt that her views on the subjects would have been very welcome.

The Committee submits herewith their unanimous report for the consideration of Government.

(Sd.) V. V. MONTEIRO,
Chairman.

Secretary.

56)

No. M. 10749-51—MED. 178-42-16, DATED 1ST JUNE 1945.

REPORT OF THE COMMITTEE.

(1) Uniformity of Standard of Training of Nurses.

At present there are two standards of training of nurses, in the Victoria and Krishnarajendra Hospitals.

(1) *The Probationary Nurses.*—Who are trained in sick-nursing for a period of 3 years and in midwifery for 6 months. These get a stipend of Rs. 30 per mensem.

(2) *The Pupil Nurses.*—Who are trained for a period of only 2 years—1 year in sick-nursing and 1 year in midwifery and who are given a stipend of Rs. 15 per mensem.

It was also explained that as the nurses who received training for a period of less than 3½ years were not recognised by other Governments and were also not registerable in any recognised Nursing Association in India, the following revised conditions of training had been recommended to Government for sanction :—

(*a*) Only Probationary Nurses will be recruited for training in future and the practice of selecting candidates as " pupil nurses " will be discontinued.

(*b*) The course of training in the case of probationary nurses will be extended from 3½ to 4 years, of which 3 years shall be devoted for training in general sick-nursing and 1 year in midwifery (Gynaecology and Obstetrics).

(*c*) The recruitment of male probationary nurses will be discontinued for the next two years.

(*d*) The scale of stipend to probationary nurses will be Rs. 25 per mensem.

(*e*) Married women will not be admitted for the training but widows may be admitted, preference being given to those without children.

(*f*) As regards the minimum educational qualification for probationary nurses, a completed secondary school leaving certificate course will be considered sufficient.

(*g*) The stipends for the training should be granted only to Mysoreans by birth or domicile.

(*h*) The candidates admitted for training should be not less than 18 years and not more than 25 years of age at the time of admission.

(*i*) Private candidates may be admitted for the training and a fee of Rs. 3 per mensem may be levied from each candidate.

(*j*) The training classes for the probationary nurses will hereafter be regularised admissions being restricted to a definite period in the year (June) to enable all the candidates to have a uniform course of lectures and training.

(*k*) Probationary nurses (and pupil nurses now under training) will be allowed leave as noted below :—

1. Casual leave for 20 days in a year subject to the maximum of 7 days at a time.
2. Sick leave with stipend for a period not exceeding 3 weeks at a time when they are really ill and undergo treatment in a Government Hospital.

After considerable discussion, the Committee unanimously resolved—

1. that the period of training may be for 4 years—3 years in sick-nursing and 1 year in midwifery ;
2. that the minimum qualifications for admission to the course be limited to IV Form standard ;
3. that each selected candidate be admitted on three months' trial, on the expiry of which period, if they fail to pass an entrance examination held by a Board consisting of the Medical Officer, the Lady Medical Officer and the Nursing Superintendent of the Hospital, their training may be terminated ;
4. that the present practice of binding the State trained nurses to serve the Government for a period of five years is too long and may be reduced to only one year, the reason being that even during the period of training a probationary nurse renders service to the State which is more than compensated for the stipend she receives. If on qualifying she fails to serve Government for one year, she shall refund the stipend amount in full. It was further resolved that the existing contracts may be suitably modified with retrospective effect ;
5. that a uniform stipend of Rs. 30 per mensem may be paid to these probationers for a period of four years ;
6. that the existing pupil nurses scholarship of Rs. 15 may be abolished and the funds thus released be merged for the grant of scholarships to probationers. Thus there would be only one course for probationary nurses of four years and a total of 29 candidates could be trained every year ;

No. M. 10749-51—Med. 178-42-16, dated 1st June 1945.

7. that if arrangements could be made for their boarding and lodging in the Hospital premises, it is suggested that Rs. 25 may be deducted out of their stipend for boarding expenses, and the balance of Rs. 5 be given to them as pocket money;

8. that all probationary nurses be exempted from payment of lighting, water and scavenging charges during the course of their training;

9. that scholarships should be made available for giving post graduate training to qualified nurses to obtain training in special subjects in various schools of nursing in India and abroad.

It is understood that Government have passed orders in their Order No. M. 7197-9—Med 93-43-7, dated 10th February, 1944 (Annexure 4) on the proposals made by the Department, but the Committee request that these may be suitably modified in view of the recommendations made above.

(2) Employment of Married Nurses.

The present procedure of recruitment to the Nursing Services both married and unmarried candidates was discussed and it was pointed out that the Senior Surgeon was already in correspondence with the Government on the subject. The Chairman brought to the notice of the Committee that this subject was already covered by the issue of the Government Order No. G. 2215-35—Med. 50-43-1, dated the 19th August 1943, where rules for the new entrants were laid down, and that this gave the Committee no choice for further discussion. It was, however, resolved "that widows and married women who have left their husbands may be employed as nurses"

(3) Revision of Scales of Pay of Nurses.

It was brought to the notice of the Committee that prior to 1939 there were 20 different scales of pay in the several Hospitals, which were reduced to three scales, *i.e.*—

First Grade	...	...	...	... Rs. 60—5/3—90
Second Grade	...	...	...	... Rs. 40—5/3—60
Third Grade	...	...	...	... Rs. 25—1/40

and as it was felt that the pay of the third grade nurses required some improvement, proposals for the revision of this scale to Rs. 30 —1—40 had been submitted to Government.

After a discussion of the subject, the Committee resolved that "information may be obtained from the neighbouring States and British Indian Provinces about the scales and the grades of pay obtaining therewith information about the hours of work and number of patients allotted for each nurse, for the consideration of the Committee".

The Secretary wrote for and obtained information from the neighbouring States of Hyderabad, Travancore and Cochin and the British Indian Provinces of Bombay and Madras. A statement of the information was discussed by the Committee at length, and they were unanimously of opinion that the following grades of pay may be recommended to Government for sanction.

1. (*a*) Staff Nurses:—			
1. First Grade	...	... Rs. 80—5/2—100	R. A. Rs. 20 per mensem and U. A. Rs. 48 per annum.
2. Second Grade	...	... „ 55—5/2—75	
3. Third Grade	...	... „ 35—3/2—50	
(*b*) Sisters	...	... „ 125—5—150	R. A. Rs. 30 per mensem and U. A. Rs. 60 per annum.
(*c*) Matrons	...	... „ 200—10—300	R. A. Rs. 40 per mensem and U. A. Rs. 75 per annum.

2. That all the nurses in the State be treated as one Unit and promotions and transfers be effected accordingly by one authority.

The question of the number of beds to be allotted to each nurse and the hours of work was also discussed at length. The Committee were of opinion that—

1. though a hard and fast rule cannot be laid down, eight beds to one nurse was an ideal to be kept in view, and

2. an eight-hour day is recommended, with one whole day off on week days and half a day on Sundays.

It was urged that facilities should be provided as far as possible for permitting the nurses to attend to their religious duties on obligatory days.

(4) Whether the relatives of nurses may be allowed to live with them in the official quarters:—

It was explained that the quarters provided for nurses were not exclusively used by the nurses and that various difficulties and complications arise out of the present practice of husbands and other relatives of the nurses staying in the quarters and bringing their friends, who would spend late hours, much to the discomfort of the neighbouring nurses, especially unmarried women. It was resolved that "when quarters are provided for, the nurses shall be permitted to live with

their relatives—women only not exceeding two in number. Such of the married nurses who desire to live with their husbands may live outside.

(5) Provision of further amenities to the nursing staff :—

It was discussed that the nursing staff at present is not provided with any social amenities in the hospitals. After strenuous work for long hours in the hospitals, they naturally feel the necessity for some social recreations, provision for which has to be made. The Committee were unanimously of opinion that better facilities for recreation should be provided and it was resolved that—

(1) "a club may be started in a suitable place for providing the nurses with certain recreations";

(2) "nurses shall receive free medical treatment in the institutions in which they serve";

(3) "wherever quarters are not provided for them, suitable house rent should invariably be given in lieu thereof";

(6) grant of maternity leave to nurses ;

This subject was not discussed as it was covered by the Government Order of 19th August 1943.

(7) Other subjects.

(*a*) Appointment of Night Superintendents to the Victoria Hospital, Bangalore.

It was explained that the question has been under correspondence since 1939. The Medical Officer of the Victoria Hospital had been constantly urging for these appointments for the better supervision of the nursing staff during the nights. It was also pointed out that such posts exist in every important hospital in British India. After considerable discussion, it was resolved that while the Committee is strongly in favour of these appointments in the Victoria Hospital which may be sanctioned immediately, similar proposals for the other major medical institutions, *i.e.*, the Vani Vilas and the Cheluvamba Hospitals may also be favourably considered. The Committee further feels that it is absolutely necessary to appoint at least two nursing sisters and one sister tutor on Rs. 125—5—150 to the two teaching hospitals.
